

COLLECT. LOCATE. MONITOR. ANALYZE. VISUALIZE.

Actionable Intelligence for a Safe, Secure, and Connected World

SS8 Networks offers the fastest and simplest way to collect, locate, monitor, analyze, and visualize lawful interception data. For nearly 25 years, we have been evolving and innovating with the changing needs of Communications Service Providers (CSPs), Law Enforcement (LEA) and Government Intelligence Agencies, and Emergency Services, delivering comprehensive, easy to use solutions that are optimized for the best results.

Our platform makes analyzing, enriching, and managing complex data sets simple, helping LEAs stop organized crime, catch criminals, and prevent terror attacks. SS8 also helps first responders locate emergency callers quickly and reliably and gives CSPs a trusted partner for efficient, effective compliance solutions.

ACTIVE IN 35 COUNTRIES COVERING MORE THAN 1 BN SUBSCRIBERS

70% MARKET SHARE US&UK We are the top provider in the US and UK for Mediation and Monitoring platforms.

8 OF 14 WORLD'S LARGEST We work with 8 of the world's 14 largest communication service providers.

150 VENDOR INTERFACES Proven network equipment interoperability with over 150 vendor interfaces to expedite deployment.

OUR SOLUTIONS

Compliant mediation and interception

Law enforcement monitoring center

5G

5G regulatory compliance

End-to-end lawful intelligence system

Comprehensive data analytics

Fast, accurate, reliable location

A COMPREHENSIVE APPROACH TO LAWFUL AND LOCATION INTELLIGENCE

# Xcipio

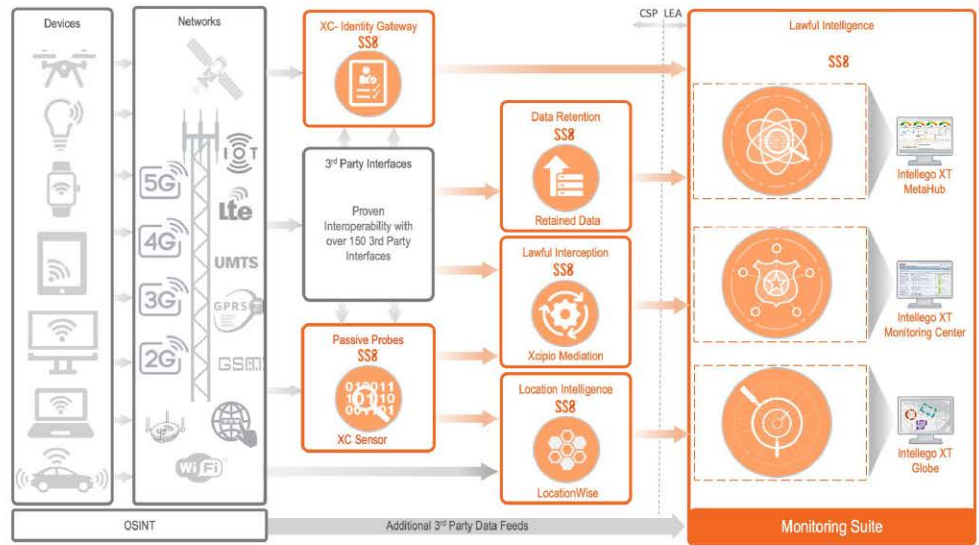

Xcipio ensures CSPs not only meet regulatory compliance but also provide the most accurate data to intelligence agencies in real time.

# Intellego XT

Intellego XT provides superior data monitoring, fusion and analysis solutions to help Law Enforcement and Intelligence Agencies investigate crime.

# LocationWise

LocationWise delivers high-accuracy network location to support emergency services, law enforcement, and mobile operators.

**SOLUTIONS:**

**Actionable Intelligence Through Data Fusion**

We blend strong Lawful Intercept data with 3rd party sources (chat, social media, location, license plate scanners, and others) to create a comprehensive 'digital fingerprint', minimizing the impact of encryption challenges and improving investigative results.

**Purpose-Built Solutions Designed for Analysts**

We deliver workflow-driven solutions for LEA analysts. Our data ingest and analysis platform offers powerful cross-data query tools to reveal links between targets based on communications data, location, time, and more.

**Real-Time Visualization with Location-Based Intelligence**

We support data visualization based on geofence technology, enabling users to understand the location and movement of criminals in relation to each other for better situational awareness.

**Flexible, Scalable Location Based-Solutions**

We deliver highly accurate and reliable network location, providing both active and passive location intelligence for emergency services, law enforcement, and mobile network operators.

**Real-Time Mediation with Record Summarization**

We offer precise data filtering and concise summarization reports to simplify data management. Packet header reports get key information to intelligence agencies quickly for rapid analysis.

**Cloud-Ready Lawful Intercept**

Our cloud-based solutions work in private, public, and hybrid environments, enabling Lawful Interception for modern communication services at the core or the network edge.

**WHY CHOOSE SS8 NETWORKS?**

- A. It is our mission to provide the most advanced Lawful and Location Intelligence solutions today to assure a safer tomorrow.
- B. Our solutions exceed our customers' needs, helping them successfully navigate the changing world of communication data.
- C. We expedite investigations by combining and analyzing multiple data sources simultaneously for greater visibility.
- D. By combining network and device location data, we offer fast, accurate, and precise positioning in urban and rural settings, even for roamers.
- E. We are trusted by the world's leading LEAs, CSPs, and public safety entities because our powerful, compliant solutions deliver results.

Learn how we can help you make lawful and location intelligence simple, efficient, complaint, and scalable.
